

WEEKLY SHIPMENTS FROM TONOPAH MINES

Following is a comparative statement of tonnage from the mines of Tonopah for this week and three preceding weeks:

	Jan. 25	Feb. 1	Feb. 8	Feb. 15
Belmont	2,146	2,357	2,302	2,235
Tonopah Mining	1,290	1,100	1,100	1,050
Tonopah Extension	2,094	1,911	2,129	2,119
West End	701	947	938	798
Jim Butler	122	232		
Montana	270	232	300	281
Tonopah Divide	225	175	210	210
Halifax	31	43		41
MacNamara	210	210	200	200
Midway	106	54		
North Star		55		52
Rescue				56
Miscellaneous		23		12
Total	7,168	7,389	7,080	7,229
Value	\$121,856	\$125,618	\$120,300	\$122,893
Total to date, 1919, dry tons, 51,517. Estimated value \$875,789.				

NEVADA PRESS ASSOCIATION

A meeting of the Nevada Press Association has been called by President Ricketts of the Goldfield Tribune to assemble in Reno on February 15. Following a brief session in the Riverside city, a meeting will probably be held in Carson.

STOCKS

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by R. Fred Brown, broker:

BELMONT RECOVERS
LAST TRACE OF VALUE

Experiments which have been conducted at the mill of the Tonopah Belmont Development company under the supervision of the Merrill brothers of San Francisco for the purpose of regenerating cyanide after it has passed through the tanks are said to have reached that stage where they may be pronounced a complete success. The company for the past three months has been

subjecting the tailings to a special process. The results have not been officially announced but they are said to be fully up to the expectations of the chemical engineers who are interested in the improved extraction which eliminates values completely from the tailings and does away with the necessity for sweeping the ponds to recover the small percentage remaining under the old form of handling the ore.

HIGHWAY BOND
ISSUE PROPOSED

CARSON CITY, Feb. 15.—A bill calling for a bond issue of \$1,000,000 to be used for building highways in the state has been introduced in the senate by Mark of Washoe. The bill provides that the money to pay the interest and principal on the bonds is to come from an annual valium tax on the property of the entire state. The money from the sale of bonds is to go into a highway fund to be administered by the governor, the state controller and the state treasurer and the state highway engineer.

A companion bill providing for licensing automobiles, trucks and motor cycles on a weight basis was also introduced by Mark. The bill provides that the license shall be \$3 per 1000 pounds of weight. All money collected from licenses is to go into the highway fund.

COTTON GROWING
IN CLARK COUNTY

In the senate yesterday Senator Griffith took one of his bills from the dead line, revived the measure and had the pleasure of seeing it passed, says the Carson News.

This was his bill asking for an additional \$2500 for the experimental farm and extension work in Clark and Lincoln counties. The bill was reported back unfavorably by the committee, which ordinarily settles the case in the senate.

When the bill was called up in the committee of the whole the Clark county senator stated his case with out any embellishments. He told the members what had been done with only \$2500 for two years. He not only accounted for the money but showed one experiment that may lead to some larger things, this is long fiber cotton.

Experiments on this plant have shown that Clark county, or portions of it are adapted to the culture of this essential plant. Cotton from the farm down that way ranks high with other samples and over 1500 pounds were taken from one plot. As this is the long fiber variety, such as Imperial Valley and a few other chosen spots on earth can raise the showing so astonished the other senators that when the committee did arise it not only reported the bill favorably but thanked the senator for the explanation and issued a compliment to the good work that the money had brought forth. He got the additional \$2500 without a bat of the eye.

SILENIUM WANTED
IN LARGE QUANTITIES

Any one owning twenty tons of silenium is invited to meet Mr. A. G. Harbaugh, who has an order for that amount and will arrange to take as much more as can be delivered. Silenium is a byproduct of the formation peculiar to the Tonopah district and produces that yellowish-green stain with which all prospectors are familiar. The use of the metal is largely in connection with storage batteries. The price ranges around \$100 a ton. Mr. Harbaugh is preparing to deliver a free lecture at the Tonopah school of mines on the subject.

ANOTHER REASON REVEALED.

"What is it, anyway?" demanded an American sailor, looking at the Griffin at Temple Bar.

"Guess it's a monument," suggested one, "of the influenza microbe."—London Sketch.

Women workers in Manitoba (Can.) foodstuff factories receive a minimum wage of \$10 per week.

NORTH AND SOUTH
HIGHWAY SECURED

Harry McNamara, assemblyman from Nye county, wired S. R. Moore yesterday afternoon that the bill providing for turning the roadbed of the former Las Vegas & Tonopah railroad over to the state highway commission had passed both houses and been signed by the governor so that work on the road can begin at once and, within a month or sixty days, direct auto connection may be had with the seat of Clark county.

This is the measure that Chairman Lindsay of the Nye county board would the delegation at Carson City to give special attention and general pleasure was manifested over the prompt action secured by the southern bunch in the face of strong opposition. The highway commission proposes scraping off about six inches off the surface and adding to the width of the roadbed and no time will be lost in making this improvement. The railroad will remove the rails and ties leaving the culverts and bridges so the highway commission will not incur any expense in having the right of way cleared up.

LIGHTS RESTORED
UNDER MILITARY

(By Associated Press)
BELFAST, Feb. 15.—Gas and electric service was resumed under military protection today. The supply was shut off three weeks during the strike. Most of the men ordered out by the strike committee returned by noon.

MARRIED BY AVERILL.

Judge Mark R. Averill last evening pronounced the words that united Mita Kolak and Mrs. Anna Grimm in bonds of matrimony. The marriage was incidental to the return of the bridegroom from Camp Lewis and a sequel to an engagement dating back to the time of his departure from Tonopah. Mr. Kolak is well known through his connection with the Grand restaurant in Goldfield and his later employment by the Montana cafe.

USE YOUR HEAD

Sometimes when a man wants to buy our possessions it is well to inquire into his reasons for making the purchase. Perhaps that which he wishes to obtain is of greater value than we realize, especially when the purchaser seems to make his livelihood by acquiring the commodities or articles he seeks.

Advertisements to buy Liberty Bonds never explain why the advertiser wants the bonds. It might be astute to reason that he wants the bonds because they are going to bring him a profit over and above the price he is willing to pay for them.

Likewise when a man asks you to "get in on the ground floor" of a new enterprise and offers to trade you securities in the venture for Liberty Bonds, common sense should indicate that the Liberty Bonds are worth more than the securities he seeks to trade, else he would not be willing to make the transaction.

Liberty Bonds are the best investment in the world today particularly for the small investor. Men experienced in finance know this. Four and one-quarter per cent guaranteed by the government of the United States is much more than 6 per cent offered as interest on the securities of some private corporation apt to be wrecked overnight by crooked management.

Don't sacrifice something else. Wear old clothes, if necessary. But hold your Bonds not only as a measure of patriotism but for your own financial good. More than that, buy more than you think you can handle of the next and last Liberty Loan.

When capital catches up with the flood of government securities, Liberty Bonds will go above par.

PERSONAL

MRS. F. G. BURNHAM left this morning for San Francisco. CLARENCE LANDSBERG left this morning for Grass Valley. BERT CLUTE is out of danger and making rapid progress toward recovery.

JUDGE J. G. THOMPSON, of Goldfield, came over from Goldfield today on legal matters. BRUCE CONLEY, the M. J. B. coffee man, went back to the coast this morning after spending three days in camp.

JOE KENDALL, manager of the Mayflower mine, is up from Pioneer for the day. He reports the property steadily improving.

A. H. LAWRY, general superintendent of the Goldfield Consolidated, passed through this morning on his way to the southern camp.

BERNARD BARRY, agent of the Denver rock drill, went out today to Candelaria where he will demonstrate the machine he represents.

E. L. KIDD, of the Mason-Moran company, of Mason, Nev., arrived this morning to assist Mrs. Oline Stewart for a couple of weeks. CHARLES S. SURAGUE, mine operator of Goldfield, came over in the train this morning to look after his interests here and on the Divide.

ARTHUR S. PUTNEY, manager of the Manhattan Trading and Transfer company, left for Manhattan this afternoon where he is required by business matters that will detain him there ten days.

J. T. WALTERS, manager of the Goldfield branch of the Nevada Telephone-Telegraph company, is over from the southern camp looking after urgent repairs made necessary by the recent storm.

REV. SERAPIN VUKIJEVICH, of Oakland, is visiting Tonopah to hold religious exercises for his countrymen of the Greek Catholic faith. He will leave Monday morning for Salt Lake which is included in his territory.

A. S. HARBAUGH, chemical and mining engineer, returned from San Francisco today after spending a week in the Bay City. He continued on by stage to Goldfield where he will examine the Spearhead mine.

HUGH H. BROWN, MRS. BROWN and her baby daughter, accompanied by Mrs. Donald, were passengers for San Francisco this morning. Mr. Brown goes as national delegate to the Peace League convention.

WAR STAMP SALES REACH

\$1,501,766 IN NEVADA

The sale of war saving stamps and thrift stamps in Nevada from December 31, 1918, amounted to \$1,501,766.50, according to a report just given out by the war stamp committee. The report shows that \$25,991 war savings stamps and \$28,986 thrift stamps were sold during the year, the value of the thrift stamps being \$17,771.50. Washoe county led the state with \$373,243 to its credit. White Pine county was next with \$243,453, and Nye county was third. The state's quota was \$2,225,580.

AMUSEMENTS

DOUBLE BILL AT BUTLER TODAY

There will be two features shown at the Butler today, one of five reels and one of two reels in length, and both are A-No. 1 in their respective classes. In the five-reeler Bert Lytell makes his screen debut in "Boston Blackie's Little Pal" from the story by Jack Boyle in the Red Book magazine. It deals with the work of a gentleman crook, who, however, is more moral than one of the supposedly honest men in the play. The difference between the crook and the gentleman is manifest when the former is the means of preventing the latter from running off with another man's wife. Romance in the form of deep love for Mary is one of the beautiful factors in Boston Blackie's life, and his innate goodness and moral honesty is shown in his dealing with his little "pal".

The other feature on today's program is a two-reel Mack Sennett comedy, "The Summer Girl," with the well known stars, Ford Sterling, Louise Fazenda and Vera Steadman. In the leading roles included in the picture are the famous Sennett beauties in the swimming scenes, also the Sennett trained animals which have attracted so much attention in these comedies. This is a program that can be heartily recommended.

Tomorrow, the world's greatest female impersonator, Julian Eltinge, in "The Widow's Might," and beautiful Ruth Roland, in the best one yet made, "The Picture That is 'Doing the Business'" from one end of the United States to the other.

MRS. HOMER MOONEY'S FATHER IS DEAD

Mrs. Homer Mooney, wife of the governor's secretary, has received news of the death of her father, M. Lennan, in Joliet, Ill. Mrs. Mooney's mother died last August soon after Mrs. Mooney returned from a visit to her family.

CHURCHES

St. Patrick's Church.—Regular services at 8 and 10 o'clock. Short Sunday school instruction will be given and during the week there will be daily sessions, with a few pupils at a time for instructions. Evening devotions at 7:30 o'clock.
